

M-43 Pistol with Stabilizing Brace

7.62x39mm

The Gilboa® M-43 Pistol+Brace is a lightweight pistol version of the full size carbine combined with the famous stabilizing brace for better stability.

Chambered in 7.62x39mm it is a great pistol for shooters and 7.62mm enthusiasts.

The upper and lower receivers of the M-43 are fully machined from solid aircraft aluminum alloy billet (7075-T6) and then hard anodized to ensure a stronger, more durable firearm with no dimensional inconsistencies.
